## THE FINTIBA **BASIC & PLUS** PACKAGE – PROCESS OVERVIEW

### 01 Registration

The online Blocked Account can be opened **within 10 minutes** and is officially approved by the German Federal Foreign Office.

**Plus:** In addition, the Fintiba Plus solution includes all required health insurances.

### 02 Account Opening

To open the Blocked Account you **only need your passport**. After the account has been opened **in your name**, the blocked amount can be transferred to your **German account**.

### 03 Money Transfer & Official Confirmations

After receipt of the required blocked amount, the online blocking confirmation will be issued. It includes access information to an online platform for the respective embassy or consulate.

**Plus:** The health insurance confirmation for your **free travel health insurance** and the insurance for your stay will be issued simultaneously.

### 04 Visa & Journey to Germany

You can now apply for your **visa for Germany** (or your residence permit). After receiving the visa, your **journey to Germany** can begin.

### 05 Current Account Opening

The payment of the monthly amount will be transferred to a **German current account**. This account can be opened at any bank of choice in Germany. Fintiba will support you with that.

### 06 Legitimation

Depending on your legitimization status, you can now either:

- 1) set up the payouts right away
- 2) complete the **additional legitimization step**.

### 07 Payout Setup

You set up a **standing order** to your current account in your Fintiba App and receive your payouts automatically every month.

## FINTIBA BASIC & PLUS – DETAILED PROCESS (1/2)

### 01 Registration

**Registration:** Enter your data on our website or in the Fintiba App.

**User Activation:** You receive a welcome email with the activation link.

**App Access:** At [www.fintiba.com/app](http://www.fintiba.com/app) or in the mobile app you can log in with your access data and your password, which you have assigned yourself during the registration process.

### 02 Blocked Account Opening & Registration Health Insurance

#### „Next Step“:

In the Fintiba App you will find a "Next Step Box", which guides you through the process and always shows you your latest To-Dos. One click will take you to the areas where you can enter the information that is needed for your Blocked Account and Health Insurance.

#### Enter/confirm all necessary data:

- Passport data
- Your blocking agreement
- TIN\* in your home country

#### OCR\*\* Verification or Manual Verification:

In the Fintiba App you can perform the verification process in just a few steps.

Depending on your nationality, you will either be guided through the automated verification or asked to upload a passport and passport selfie for manual verification.

#### Account Opening:

Your Blocked Account at our partner Sutor Bank will be opened and you will receive your account details.

### 03 Money Transfer

**Account Details & Money Transfer:** Once the Blocked Account has been opened, you will be informed via e-mail. In the "Documents" section of your Fintiba account you will find your account and contract details. The transfer document contains your IBAN, BIC and further necessary information on how to execute the transfer of the funds.

**International Money Transfer:** Depending on the bank the money transfer might – in rare cases – take up to two weeks after you initiated the transfer. **Please note:** You have to inform your bank that the international transfer fees must be at the expense of the ordering party.

**Account Balance:** In the "Blocked Account" section of your Fintiba account you can check whether your money has already arrived.

\* Tax Identification Number

\*\* With OCR technology, your passport will be verified within minutes and you are ready to transfer your money right away. Due to specific regulations and legal limitations, individual countries are not eligible now for this process. These are Russia (RU), Ukraine (UA), Cuba (CU), Iran (IR), Syria (SY), North Korea (KP) and the region Crimea.

## FINTIBA BASIC & PLUS – DETAILED PROCESS (2/2)

### 04 Blocking Confirmation & Health Insurance Certificate Visa

**Issuance of the Blocking Confirmation & Health Insurance Certificate:** Once the full blocked amount has been credited to your account, you will receive your blocking confirmation and health insurance certificate for the visa application. The documents can be downloaded in the “Documents” section of your Fintiba account.

**Information for Authorities:** The blocking confirmation will contain specific information for the embassy/consulate in order to check the authenticity online.

### 05 Unblocking of Account & Health Insurance Certificate Stay

**Health Insurance Certificate:** The issuance of the required insurance documents depends on the type of health insurance:

**Governmental Health Insurance:** issued together with your blocking confirmation - **your enrolment at the university can take place immediately.**

**Private Health Insurance:** Issued after the monthly payments of the blocked account (to your current account) have been set up.

**Account Unblocking:** Generally, no other steps are needed after your arrival in order to unblock your account.

In rare cases\*, you might be asked to go through an additional legitimization step and different alternatives will automatically become available in your profile depending on your nationality and passport.

### 06 Important Information

**Opening a Current Account:** To access your money, a separate German account ("Girokonto", "Basiskonto" or "Girokonto für Jedermann") must be opened with a bank of your choice. We have consolidated information on opening this regular bank account in the “Current Account” section of the Fintiba App.

**Connect Your Smartphone:** For security purposes we will send you a TAN code by SMS using the mTAN procedure so that you can set up your payouts. You can do this with your international phone number.

**Why Fintiba Plus:** The package includes the necessary health insurance for your visa and your stay or enrolment at your university - **the travel health insurance is free!**

\* Due to certain German regulations, individuals from countries that are classified as high-risk for money-laundering, as well as those with a blocked amount exceeding € 15.000 are required to complete an additional legitimization step.
